SPOONER'S Immunity against the Fevers and Chills of Spring and Fall, the Dysenteries and Diarrheas of Summer, and the various Bilious complaints attendant upon the entire year, is what the South needs and must have before that favored region will attain the full meed of its greatness. Emigration thither has been and is retarded for the lack of it; and for the same reason, cotton raising has been

# restricted and interfered with.

In view of these facts Dr. Spooner offers to the people of the South, and to Emigrants going thither, his ANTI-FEVER AND AGUE PILLS, which have been demonstrated, repeatedly and repeatedly, to be an unerring and never-failing preventive and cure of all Bilious complaints incident to the South and West. Try but one experiment; the cost is trifling, the result is beyond any contingency. It never has failed and never can, while Physiology remains a science.

DR. SAMUEL GILBERT'S PREPARATIONS.

DR. SAMUEL GILBERT, so celebrated as aving had for the last twenty-five years, in the reatment of CHRONIC DISEASES,

the most lucrative Medical Practice in the South, has at last consented to allow several of his most esteemed remedies to be prepared and sold as proprietary medicines. This resolution has been engendered by the repeated solicitations of those who have experienced the benefit of his remarkable professional skill, and by the impossibility of giving especial attention to each of the written applications made to him for preceriptions by those whose pecuniary circumstances or business habits, praclude the possibility of applying in person to him.

neither pains nor expense in the preparation of these remedies. They are made of the very best medicines known, in a highly concentrated form upon strictly scientific principles.

New Orlean ATTENTION BLACKSMITHS! Your attention is called to PERRY'S PATENT TUYERE BELLOWS NOZZLE, which gives the blast on the bottom instead of the side of the fire, and makes a quicker and hotter fire than is possible otherwise. It gives one, two or three blasts on the same fire, and spreads the heat over a wide surface or concentrates it on a point, at pleasure. Thus, the whole wing or bar of a plow can be heated evenly and perfectly, without danger of burning, and what, with ordinary Tuyeres, requires five or six heats, can be done at one. It saves greatly in time, iron and fuel. The fire is completely under the control of the Blacksmith, and no fuel is wasted. It never gets hot, and will last indefinitely.

PRICES, ACCORDING TO SIZE, \$15,00 \$20,00 AND \$21,00. Orders filled by CLINTON & RICHARDS, No. 74 Magazine street, New Orleans. JACKSON, MISS., April 10th, 1866. Col. D. C. Freeman:
I have in use Berry's Patent Tuyere, and after thirty years' experience in Blacksmithing. I pronounce it, unhesitatingly, the best I have ever seen, heating a third quicker, and using less coal, and recommend them for all kinds of work.

W. B. CARROLL.

Jackson, Miss., April 10th, 1866. I am using Berry's Patent Tuyere, and take pleasure in saying that it is the best I have ever used, more convenient and less liable to accident. NED FARISH. JACKSON, MISS., April 12th, 1866. OL. D. C. FREEMAN: I am using Berry's Patent Tuyere and it gives satisfaction. I have never seen anything to equal it for convenience of blast, and economy of the satisfaction of the sa equal it for convenience of blast, and economy of fire and time. I cheerfully recommend it for a kinds of work.
